

VACCINATION POLICY

American National University does not have a vaccination policy applicable to all students. Certain programs which have externship components have vaccination requirements as stated below.

Medical Assisting Associate Degree and Certificate

Students will be required to obtain immunizations and/or proof of immunity and/or tuberculosis screening as required by the individual externship sites. The immunizations may include: varicella (chickenpox), measles, mumps, and rubella, hepatitis B, diphtheria, tetanus, and pertussis and influenza vaccine. Hospital settings often mandate more extensive requirements than other healthcare facilities. The cost of immunizations and screening is the responsibility of the student.

Phlebotomy and ECG Technician

Students will be required to obtain immunizations and/or proof of immunity and/or tuberculosis screening as required by the individual externship sites. The immunizations may include: varicella (chickenpox), measles, mumps, and rubella, hepatitis B, diphtheria, tetanus, and pertussis and influenza vaccine. Hospital settings often mandate more extensive requirements than other healthcare facilities. The cost of immunizations and screening is the responsibility of the student.

Health Information Management Associate Degree

Students will be required to obtain immunizations and/or proof of immunity and/or tuberculosis screening as required by the individual externship sites. The immunizations may include: varicella (chickenpox), measles, mumps, and rubella, hepatitis B, diphtheria, tetanus, and pertussis and influenza vaccine. Hospital settings often mandate more extensive requirements than other healthcare facilities. The cost of immunizations and screening is the responsibility of the student.

Pharmacy Technician Associate and Diploma
